

7th into 8th Grade Registration Meeting

Wednesday, March 7 at 7:00 pm in the MMS auditorium. At this meeting we will review the course options students will have for next school year as well as the overall registration process. The students will be receiving registration materials in school the week before. Hopefully they will be bringing those home for you to look over.

We will also be discussing next year's 8th grade Washington, DC trip. Representatives from Discovery Tours will be there to provide information and answer questions. We really encourage all 7th grade parents to attend this meeting.
